

Jesma is looking for new partners in Europe

We would like to take this opportunity of introducing our company to you as a reliable supplier of weighers and weighing systems.

We supply high-quality and approved weighers and weighing systems worldwide.

We are looking for new partners in the European market. If you are interested in being our new partner in your specific market simply inform us and we will get back to you as promptly as possible, to discuss the possibility of a co-operation between our two companies. Please feel free to contact us directly.

We have just now launched our recently achieved MID approval which enables Jesma, as one of the few in Europe, to offer the European market MID approved weighfeeders and belt scales. The MID is a single approval certificate which is valid throughout the whole of Europe.

We are looking forward towards new partnerships and relationships with partners like you.

jesma - your partner in efficient and reliable weighing equipment
