

Establishment of Jesma in South Africa

JESMA VEJETEKNIK A/S a leading International supplier of Industrial Static and Dynamic Weighing Systems is proud to announce the establishment of JESMA South Africa. JESMA SA is a joint venture Company between JESMA DK and local investors in South Africa.

JESMA prides itself on the quality and accuracy of its various product lines and offers a wide variety of custom built solutions optimally suited for these applications. It is with this, which JESMA SA along with the international experience and back-up JESMA DK brings, offer these products into the SA market. Products include Weigh Feeders, Loss-In-Weight, Impact and Flow Scales, Lab and Micro Dosing Systems, Batch and Big Bag Weighers.

The costs of ownership of the JESMA products are world renowned and this can be witnessed by the number of satisfied customers who have on their own accord offered their endorsements of the systems they have installed. JESMA offers comprehensive service support which can be tailored to the customer's system requirements and needs.

"We are looking forward to a successful partnership with both our customers and JESMA DK. This way we will ensure continuity and service satisfaction for all parties;" Said Kevin Preston, Managing Director of JESMA SA.

JESMA SA offices are based in Edenvale, Gauteng and can be contacted on +27 11 524-0976.
